My dear Sir:-

In looking over our books I find we have rec'd  
 nothing from you since 1906 Proceedings of the 48th Annual  
 Meeting. We have the four Proceedings received prior to that  
 time bound and accessible to students and we have repeated  
 calls for the Proceedings.

Will you please favor us with your publications since  
 1906?

Very truly yours,

Mr. Sidney P. Noe,  
Secretary, American Numismatic Society,  
New York City.

My Dear Mr. Noe;

I am sending you under separate cover the five medals that we have. Four of these were taken from an Indian burial, but the one of 1677. I do not have a record of. I thought I would send it along that you might see it. When you are through with these medals, you can return them.

I stopped off in Philadelphia on my return and saw the Peace Medal in the Pennsylvania Historical Society, and I got a chance to handle and examine this medal. From the general appearance of this Greenville medal, I am almost satisfied that the specimen was at one time, placed in a medal collection, as one side shows that some attachment had been made to fasten it to some background. I also found that they have a splendid Washington Peace Medal, 1793, which is in very good condition. These seem to be the only two medals that they have.

I will advise you should I secure any data concerning any other of the medals found in Ohio.

Very truly yours,

*Wm C. Mills*

Columbus, Ohio.

My dear Mr. Mills:-

I have your letter of the 29th, and this brief note is merely to say that the medals have arrived. I have not yet had an opportunity to examine them carefully, but they are very interesting. I note what you say about the Philadelphia medals, and am sure you must have had an enjoyable visit there. I will write you again in the course of a week or so in greater detail.

Yours very truly,

Secretary.

Dear Sirs:-

I beg to advise that through some complication in your mailing list we are receiving two copies of your valuable quarterly. One comes to our correct address (Broadway & 156th Street), the other is sent to a down town address at which the Society used to be located years ago. I know you will be glad to save on postage and paper, two very considerable items in these days.

Very truly yours,

Secretary.

Mr. Sydney P. Noe,  
American Numismatic Society,  
Broadway at 156th St.,  
New York, N. Y.

My dear Mr. Noe:

I have your communication of recent date notifying me that two copies of our Journal were reaching you. Upon investigation I find that one copy was sent to the Numismatic and Archaeological Society and to your old address. The other copy was sent to your new address. I have made the necessary change. I do not quite understand yet how this came about as I found the order making the necessary change but for some reason the change was not made and I do not know who is to blame for it. I wish to thank you warmly for having the kindness to notify me.

Since my last letter to you and since my visit to New York, we have come in possession of a silver medal taken from a grave in Ross County. This medal is of special interest because it is so worn by use that one cannot really be able to make out the lettering upon it, yet I have been able to make out the following: "Ludovicus XV Rex Christianissimus" with the bust to the right. I believe it is one of those early French Canadian medals. I will bring it with me the next time I come to New York. However, I am not sure I can be there this year. I anticipate being in Philadelphia to the Museum Association. This will come about the 21st of May. If you happen to be down I will bring it with me. I would be very glad to send it to you by mail but I do not feel so free to send things at the present time on account of the uncertainty of things but if I do not get to see you at the Philadelphia meeting I will send it to you by registered mail for your examination. I believe it is a good thing and I want you to see it and examine it.

Thanking you for your kindly interest and with best wishes and kindest regards, I beg to remain

Very truly yours,

Curator and Librarian.

Dear Mr. Mills:-

Permit me to refer to your letter of the 13th of February which, because it seemed to require no immediate answer, has laid without response until this time. I am very much interested in what you say about the French medal taken from an Indian grave, and trust that we shall meet in Philadelphia about the 21st of May.

Very cordially yours,

Secretary.

Dear Sirs:

We are revising our exchange list and find that while we have been sending you our publications on exchange, we have received nothing from you. The demands for our publications are such that unless you have material for exchange, it will be necessary to drop your name from the exchange list.

Appreciating your reply, I am,

Very respectfully,

*Harlow Lindley*  
Curator of History.

Dear Dr. Lindley:

Your letter of December 5th is at hand. I can quite appreciate the circumstances which make revising your list desirable, and inasmuch as there is only occasional numismatic material in your magazine, I feel that we should not ask you to continue sending it to us.

I regret that you have not received our publication. I am enclosing a list of our monographs and if there are some of them which you would care to have for your library I think I can arrange to have them sent to you if you will check the desirable items.

Sincerely yours,

Secretary.

Dear Sirs:

In analyzing our file of "The Numismatist" for 1928, I note that there is a statement that your file of this periodical lacks certain numbers. If you will let me know the numbers still lacking it is possible that among our duplicates I may be able to supply some of these.

Very truly yours,

Secretary.
